

## **USSSA Announcement Regarding Federal, State and Local Concussion Laws**

USSSA, as a sanctioning body of athletic events, shares the concerns being raised on a national and local level regarding concussions and concussion symptoms in participants, coaches/managers and umpires/referees in USSSA sanctioned activities. USSSA encourages its directors, umpires, coaches, referees, teams, team managers, and all adults involved in youth activities and participants to learn all they can about concussions in athletics and requires each of them and each of the USSSA directors to follow all federal, state and local laws (including concussion training and reaction laws) with regard to athletic competition sanctioned by USSSA. In addition, USSSA has added the following to the rule books of each USSSA sport which does not defer to another organization for its rule book.

Upon becoming aware that a participant or coach/manager of his team has received a suspected concussion (or has been struck in the head area with any significant force), the Team Manager will not allow that person to participate in any USSSA sanctioned event and if occurring during a USSSA sanctioned event, shall have that person removed from the playing field of any USSSA sanctioned event. Upon becoming aware that a participant, coach/manager or official/umpire/referee has received a suspected concussion (or has been struck in the head area with any significant force), a USSSA official/umpire/referee or director will have that person removed from the playing field of any USSSA sanctioned event. Without a written medical written clearance from a licensed medical doctor to return to play, such persons will not be allowed to return to the USSSA playing field in a USSSA sanctioned event. For officials/umpires/referees, the medical written consent must be presented to the Team Manager and retained permanently by the USSSA State Director. For participants and coaches/managers, the medical written medical consent must be presented to the Team Manager and retained permanently by the Team Manager. Any Team Manager, who allows a coach/manager or participant back on a USSSA sanctioned event playing field without first obtaining the required written consent, may be suspended by the State Director for up to one year and upon request of the State Director, may be suspended for a longer duration by the USSSA disbarment committee. State Directors allowing an official/umpire/referee back in the field of play without the necessary consent will be subject to being disciplined as determined by the USSSA Board of Directors.
